

Our headsets are preferred
by truck drivers in their
high-noise environment.

Imagine what they can do
for your noisy world.

blueparrott  **Xpressway**TM

Bluetooth® Headset

**Superior
sound
quality**

The Xpressway headset's advanced noise-canceling microphone and Xtreme Noise Suppression™ technology are designed to block out the drone of city traffic, road noise, airports and the roar of an 18-wheeler's engine, ensuring crystal-clear conversations.

**Multiple
wearing
styles**

Choose the wearing style you prefer most: over-the-ear, over-the-head or behind-the-neck.

**16+ hours
talk time**

The Extended Talk feature provides over 16 hours of talk time, allowing you to talk all day long with a single charge.

**Hands
free**

Bluetooth® technology provides wireless connectivity with a functional range of up to 66 feet, providing unrestricted freedom of movement.

 **Bluetooth®**

Designed specifically for use in high-noise environments, the VXi BlueParrott® Xpressway™ wireless headset is compatible with most Bluetooth®-enabled mobile phones and computers. Advanced noise-canceling and Xtreme Noise Suppression™ technologies allow you to hear and be heard, wherever you are calling from.
