Communications,  
Command & Control**

## **RedHawk SA**

### GPS Speaker Mic with LCD for Icom Radios

Part number IAS REDHAWK

Connecting cable ordered separately depending on which Icom radio  
RedHawk SA is being matched to.

- P25 and analog
- Signal encryption through the radio
- Send and receive text messages
- More accurate GPS field asset location
- Store, send and GOTO waypoints & users
- Built-in, rechargeable 18 hour battery
- Compatible with mobile transceivers with optional cable

*Manage field assets, resources  
and incidents better by integrating  
RedHawk SA into your current  
communications system.*

No PC or  
expensive switching  
equipment needed at  
repeater or dispatch
