Recreational

Retail

Select Your Wire

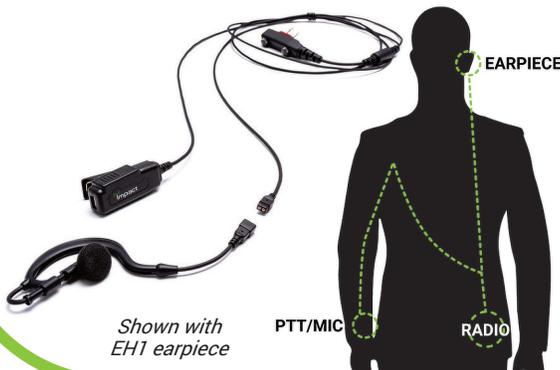

G1W

Best suited for those that only need to wear the Push-To-Talk (PTT) and microphone on their shirt collar or lapel; ideal for warm weather locations or users wearing short sleeves.

- Top selling cable configuration in the series
- Coiled top wire section for added flexibility
- Mesh screen covered mic
- Hard-wired earpiece versions available
- Available in Fiber Wire Nylon Cloth Cabling or Standard TPU Cable

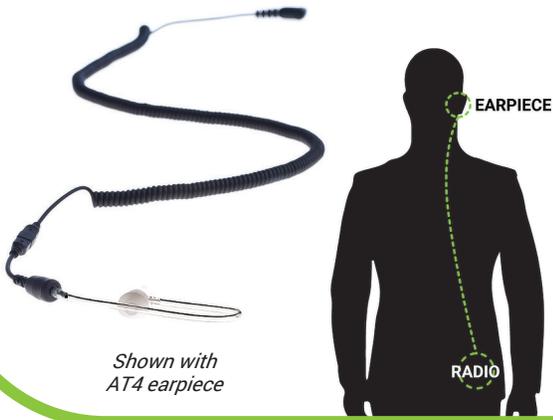

G2W

The G2W 2-Wire offers users the option of holding the Push-To-Talk (PTT) and microphone in their hand or worn on their shirt collar. The 2-Wire is more covert and less obtrusive than the 1-Wire.

- Straight cables for easy cable concealment under clothing
- Mesh screen covered mic
- Hard-wired earpiece versions available
- Available in Fiber Wire Nylon Cloth Cabling or Standard TPU Cable

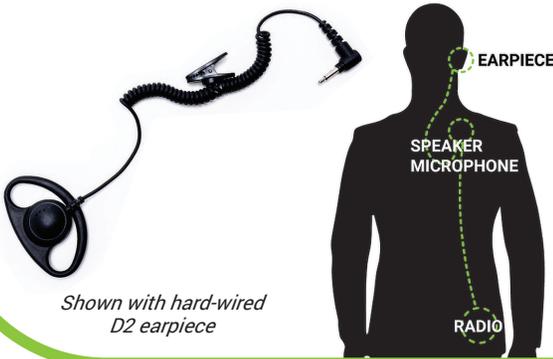

Shown with AT4 earpiece

GLO

The 1-Wire listen-only plugs directly into the radio for discreet receive only communication and is ideal for those who supervise or oversee radio communications.

- Coiled cable for added flexibility and movement
- Adjustable, inline clothing clip for easy cable management
- Rx audio only, no Push-To-Talk or microphone

Shown with hard-wired D2 earpiece

GRSMA

The GRSMA is a listen only audio accessory cable designed to be used in conjunction with speaker microphones and ensures radio transmissions are kept quiet and unobtrusive.

- Two wire lengths available:
 - Regular 18" (at rest) with coil -
 - Short 9" (at rest) with coil
- L-Shape jack (2.5mm or 3.5mm)
- Straight jack (3.5mm)
- Compatible with Impact and other brands of speaker microphones
