MORE WITH DIGITAL END-USER REBATE

Motorola Solutions recognizes the challenges you face with rapidly escalating costs that results in tighter budgets. Motorola two-way radios are the answer, allowing your team to accomplish the same, with less.

All Motorola business models are designed to enable clearer communication and easier usage, to the virtually uninterrupted performance on the job. Plus, Motorola offers ergonomic design, crisp audio quality, long-lasting battery life and are all narrowband compliant.

CLP SERIES RADIOS: The CLP's small, unobtrusive design packs a big punch in a lightweight, palm-sized package and offers some of the most reliable communications in even the noisiest of environments. The CLP1060 six-channel radios are Bluetooth™ capable. The CLP single- and four-channel models feature wired headphones. All CLP Radios bring a choice of 90 UHF business-exclusive frequencies. They are easily operable and come standard with push-to-talk functionality and an extended battery life. These radios meet military standards for shock, vibration, temperature and antimicrobial protection.

CLS SERIES RADIOS: Rely on impressive coverage capability in this compact radio. It operates on 56 business-exclusive frequencies and includes a coverage range of up to 200,000*** square feet with the choice of either single- or four-channel models. Intuitive and user friendly, the CLS streamlined design is fronted by a crystal-clear LCD display. The CLS (Clear, Light, Simple) Series meets military standards for shock, vibration, temperature and antimicrobial protection.

DLR SERIES RADIOS: The lightweight, sleek Motorola DLR digital radio provides a simple but powerful collaboration tool and allows the flexibility to configure the radios to meet your procedural needs and optimize staff experience. The license-free DLR features multiple call options which can enhance communications between team members, as well as frequency hopping technology designed for increased security. Talk Permit Tone lets users know when the channel is free for them to talk, therefore promoting orderly communications. Voice prompts allow easy navigation of menus, channels, battery status and more. The Home Channel feature automatically returns users to their primary channel when a conversation is over.

DTR SERIES RADIOS: The DTR Series digital radio works wherever people do. Reporting from the production line or the principal's office, you'll enjoy expanded in-building coverage – up to 350,000*** sq. ft with the standard whip antenna. Digital audio quality stays loud and clear – up to the edge of coverage – without static or dead zones. Compact, durable, and IP54 rated design meets U.S. Military 810G standards for shock, vibration, water, dust and temperature extremes - so it will operate in the harshest working conditions. Other key features include interference free and private communications, vibrant color display, flexible call options, and license free operation.

RD SERIES RADIOS: Introduce your workers to the perfect business partner that will help make any workplace environment more productive for them and more financially rewarding for you. Not even some of the harshest job-site conditions stop the affordable, easy to use RD on-site business radio. Enhanced wattage extends coverage to up to 350,000*** square feet (4/5 watt radio models). Its outstanding industrial design features a heavy-duty metal body that meets military standards for shock, vibration, water, dust and temperature, and protects its premium performance: exceptional audio quality, easy programming of frequencies and radio settings, advanced voice activation, flexible battery life solutions, and easy cloning.

RM SERIES RADIOS: Empowering your workforce with a reliable, long-lasting audio solution is the hallmark of the RM Series. Capable of customizing channels per radio via voice alias, the RM has a coverage range of up to 250,000*** square feet and can operate on either four or eight channels, across each UHF, VHF and MURS frequency. Count on up to 12-hour battery life without the Battery Save feature and up to 15-hour battery life with the Battery Save feature. The RM Series radios meet military standards for shock, vibration, water, dust, temperature and antimicrobial protection and provides NOAA weather alerts.

EARPIECE (HKLN4604): One of Motorola's most popular audio accessories, this over-the-ear earpiece features an in-line microphone and push-to-talk button that makes communication easy when your radio is not readily accessible.

***The communication range quoted is calculated under optimum conditions, with an unobstructed line of sight. Actual range will vary depending on terrain and other local conditions, and is often less than the maximum possible. Your actual range will be limited by several factors including, but not limited to, terrain, building construction, weather conditions, electromagnetic interference, and obstructions.

PROMOTION TERMS & CONDITIONS:

1. Promotion valid only on the following qualifying Motorola Solutions ("Motorola") Two-Way Business Radios ("Eligible Radios") purchased from a Motorola Authorized Business Radio Reseller between September 1, 2019 – December 31, 2019 ("Promotion Period").
ANALOG RADIOS: CLP Series (CLP1010, CLP1040, CLP1060), CLS Series (CLS1110, CLS1410), RD Series (RDU4100, RDV5100, RDU4160d), RM Series (RMU2040, RMU2080, RMU2080d, RMM2050, RMV2080).
DIGITAL RADIOS: DLR Series (DLR1020, DLR1060) and DTR Series (DTR600).
Promotion excludes CLS1000, CLS1450c, DTR410, DTR550, DTR700 (a commercial radio), and all bulk (non-packaged) purchase models.
2. End-User Customer ("End-User") will receive one free radio with each qualified claim of six (6) analog same-series radios; and one free radio plus one free earpiece with each qualified claim of six (6) digital same-series radios (up to the maximum qualifying limit).
3. End-User can purchase as many eligible radios as needed, but the promotion will be limited to a maximum of ten (10) total qualifying claims (or 60 radios purchased) per customer/company. Each claim consists of six (6) same-series radios purchased.
4. To receive the free rewards (up to the maximum qualifying limit), End-User must completely fill out the online claim submission form available at www.MotorolaSolutionsRadioRewards.com, and supply all requested documentation. All claims will be validated, and online claim information and supporting documentation must match.
5. Claims, including valid and complete supporting documentation, must be entered by 11:59 pm EST on Wednesday, January 15, 2020 ("Expiration Date"). No exceptions will be made for expired claims.
6. Total qualifying purchases (up to the maximum limits) may be claimed in one or more submissions, and must be grouped in any combination of six (6) CLP, six (6) CLS, six (6) DLR, six (6) DTR, six (6) RD, or six (6) RM Series two-way radios.
7. Proof of purchase (sales receipt or invoice) is required, and must be dated during the promotion period. Multiple sales receipts/invoices allowed per claim. Pick tickets/packing slips are not acceptable.
8. **FREE RADIO:** End-User will be rewarded the qualifying radio model with the lesser value of each group of six (6) qualifying same-series radios. In the event that there are multiple qualifying radio models claimed with the same lesser value, Motorola will be solely responsible for determining the lesser value radio model(s) rewarded per six (6) qualifying same-series radios.
